## STUDENTS

### JANUARY WORD OF THE MONTH: RESPECT

Treat yourself, others and your environment with dignity.

“Perhaps the most important thing we can undertake toward the reduction of fear is make it easier for people to accept themselves, to like themselves.” – Bonaro Overstreet

### JANUARY WORD FOCUS: PHOBIA AND CIDE WORD FAMILIES

The Greek word *phobos*, means “fear,” is combined with a variety of roots to form an interesting group of phobias. Some of these, such as claustrophobia (fear of closed spaces) or acrophobia (fear of high places), are quite common: others may be new to you.

#### PHOBIA WORDS

xenophobia      fear of strangers
