## **STUDENTS**

**STUDENTS:** Daylight Savings time has come and gone. We have way too many students still reporting tardy in the morning. C'mon, let's get those alarm clocks set properly and get to school on time!! No excuses anymore. Let's have a good spring quarter at Wilson, and stay away from U's in citizenship. Thank you. (Administration)

**CONGRATULATIONS** to Sevana Abramyan, Robert Grigoryan, Ani Khachatryan, and Yurika Suzuki for being selected to perform in the GUSD middle school solo recital last Wednesday night! We are so proud and in awe of your talent and dedication! Special congratulations to Ani for being chosen as the grand prize winner, winning \$300, and an opportunity to perform her piano solo with the district honors concert in April! This is the second year in a row the grand prize winner has been from Wilson! (Ms. Gianos)

**GOOD LUCK** concert band, string orchestra, and symphonic orchestra at your music festival in Oxnard today! Will any class earn a superior rating or even the unanimous superior superior rating? Or will they earn an excellent, good, fair or poor rating? We will know in a few hours! Good luck! Make Wilson and yourself proud with your outstanding behavior!! (Ms. Gianos)

**FINE ARTS MONTH:** Space. Artists use a technique called perspective to create the idea of space in a picture. Perspective is a type of optical illusion. It relies on the fact that the farther away an object is from you, the smaller it looks. The first people to make a full scientific study of perspective were the artists of the Italian Renaissance. (Mrs. Sutphin)
